

MEDICAL DIAGNOSTICS FORM FOR ATHLETES WITH VISUAL IMPAIRMENT

- This form must be completed by every individual athlete with visual impairment and pages 1-3 must be submitted to the respective International Federation (IF, see page 5) before classification.
- The form is to be filled out by a registered ophthalmologist (as applicable by country).
- The form is used to determine the athlete's sight in accordance with the respective IF classification rules (eligibility criteria listed on page 4 as a reference).

Please fill out the form legibly and in capital letters.

Incomplete Applications will be returned and will need to be re-submitted. Athletes cannot present for classification until applications have been completed.

1. ATHLETE INFORMATION

First Name: _____

Last Name: _____

Gender: Female D Male D Date of Birth
(d/m/y): _____

Address: _____

City: _____ Country: _____

Sport: _____

2. MEDICAL INFORMATION

Current diagnosis with sufficient medical information (see note 1):

Medical history

--

Age of onset: _____

Anticipated future procedure(s): _____

Glasses : yes / no Contact lenses: yes / no Prosthesis: yes / no

Correction: R..... L..... R..... L.....

Eye Medications

<p>Eventual Drug Allergies:</p>

3. ASSESSMENT RESULTS

Visual Acuity

	With Correction	Without Correction
RE		
LE		

Type of correction: _____

Measurement Method: _____

Visual Field (see note 2) Please attach visual field map.

In degrees (radius)	RE	LE

4. MEDICAL PRACTITIONER DECLARATION

D I certify that the above-mentioned information is medically appropriate
D I certify that there is no contra-indication for this individual to compete at competitive level in the sport mentioned.
Name: _____
Medical Speciality: _____
Registration Number: _____
Address: _____
City: _____ Country: _____
Tel.: _____ E-mail: _____
Signature of Medical Practitioner: _____
Date: _____

Note 1 Diagnosis

Evidence confirming the diagnosis must be attached and forwarded with this application. The medical evidence should include a comprehensive medical history and the results of all relevant examinations, laboratory investigations and imaging studies. Copies of the original reports or letters should be included when possible. Evidence should be as objective as possible in the clinical circumstances and in the case of non-demonstrable conditions independent supporting medical opinion will assist this application. This include report and graphic results (where applicable) on:

- Pattern Visual Evoked Potentials
- Electroretinography / Electrooculography
- Cerebral Magnetic Resonance Imaging

Note 2

Visual Field has to be tested by full-field strategy (30° central field test will not be accepted, by means of any of the following devices:

- Humphrey Field Analyzer, Twinfield (Oculus), Octopus (interzeag), Rodenstock Peristat, Medmont (MAP), Goldmann Perimetry Intensity III/4

It is the responsibility of the Athlete to submit a copy of this Medical Diagnostic Form and all relevant documentation to the appropriate International Federation.

The athlete should bring a copy of this document each time when he/she presents for classification.

DEFINITION OF ELIGIBLE CLASSES

(applicable 2011-2012. The most accurate and binding wording is to be retrieved from the IF classification rules. Links are provided from www.paralympic.org/sports/classification)

To be eligible to compete in Paralympic Sport, the Athlete with visual impairment must be affected by at least one of the following impairments, resulting from disease/disorder:

- impairment of the eye structure;
- impairment of the optical nerve/optic pathways;
- impairment of the visual cortex of the central brain.

All Athlete Evaluation and Sport Class allocation ¹ will be based on the assessment of visual acuity in the eye with better visual acuity whilst wearing best optical correction using spectacles or contact lenses.

Sport Class B1

An Athlete shall compete in Sport Class B1 if his or her visual acuity is poorer than LogMAR 2.60.

Sport Class B2

An Athlete shall compete in Sport Class B2 if

- his or her visual acuity ranges from LogMar 1.50 to 2.60 and/or
- he or she has a visual field that is constricted to a radius of less than 5 degrees.

Sport Class B3

An Athlete shall compete in Sport Class B3 if

- his or her visual acuity ranges from 1.40 to 1 (inclusive) and/or
- he or she has a visual field that is constricted to a radius of less than 20 degrees.

¹An IF may decide to name the sport classes different from B1, B2 and B3, but the assessment criteria remain unchanged (e.g. IPC Athletics (T/F11-13), IPC Swimming (S/SB/SM11-13), Equestrian (Profiles 36-37a,b))
